

## Searching for a Video via Title

- 1) Log into myRedDragon. Go to the “Library” tab and run a search in the search box. Enter the title. Then click the dropdown menu and choose “Title.”

The screenshot shows the library website's search interface. At the top, there are navigation tabs: "Library" (selected), "Faculty/Staff", "Campus Life", and "Information Resources". Below the navigation is a search box containing the text "Including Samuel". To the right of the search box is a dropdown menu with options: "Title" (selected), "Keyword", "Author", and "Subject". A "Go" button is next to the search box. Below the search box is a "Databases" section with a dropdown menu set to "Africana Studies" and a "Go!" button.

- 2) Look at your results list. You will find the title in the Title column. Under the “Call Number” column you will see the call number with the word “Video.” Underneath, the words “Online access.” If you see these words, we have that video available for streaming. **Click “Online access”**.
